

Further questions about Johan's Letter

Dear ACNA Board and Executive Committee:

It occurred to me that there were a couple questions left by Johan's letter that I failed to ask. Seeing as the the EC has been hitherto silent on all my correspondence thus far, I expect the same treatment, but I will ask anyway, if for no other reason than to have other people ask these questions too.

The letter from AoA is dated May 14, three days after the filing of the lawsuit buy Mr. Leichty and Mr. Fisher.

- 1.) Is AoA aware of this lawsuit and the details of the politics of the club? How aware are they?
- 2.) Has AoA discussed these issues with the EC? Were they brought up by the EC or AoA?
- 3.) Seeing as this letter was dated the 14th and how Mr. Anderson has recently espoused the relationship between AoA and ACNA, was the EC aware of this letter when they made the announcement that Gio Tomassi and Dean Esmail were 'elected' to the BOD?
- 4.) If not, was the EC aware of this letter when they 'elected' a new EC last week?
- 5.) How do they think this makes the Executive Committee look to the executives at Audi of America?

Thank you for your help.
